

THE HAUNT RATER

LeHIGH Valley SCREAMPARK

On September 28th, 2019 the Haunt Rater and his crew ventured out to **Lehigh Valley Scream Park**! This is our second year visiting this attraction and it just keeps getting better. If you want to experience horror on a whole new level...then, this is the place to come in 2019!

We began our night on a terrifying trip through the backwoods of **Lehigh Valley Scream Park**. As we started our journey on the **Hollow of Horror Hayride**, we were greeted by the infamous Michael Myers himself. What a way to start the night! We barely escaped with our lives. We made our way through many well-known places in Pennsylvania such as "Centralia" which is always a scary place to visit! We witnessed some unspeakable horrors that sent chills straight through our spines! We wish you luck as you endeavor to survive the **Hollow of Horror**!

As we left the safety of the wagon during the **Hollow of Horror Hayride**, we were quickly told to enter the **Psychopath Corn Maze**! What a place! Getting in may be easy but, getting out is nearly impossible. As you make your way through this nightmare of a corn maze, you will come face to face with some of the most heinous creatures that the best maniacal minds have created. If you have a fear of the dark and what lurks within the corn... then this is definitely not the place for you. Your heart will race, and your mind will go numb as the psychos within lead you down all the wrong paths to keep your soul for their own!

Upon finding our way out of the **Psychopath Corn Maze**, we found ourselves confronted with the horrors that lie within the **Slaughter Barn**. The souls that await you once you pass through the doors of hell are the most horrifying that you will encounter. They prey on the weak and feed on the fear of all who enter. If you make it out alive, you will forever live in fear of the horrors which you have come in contact with during your journey through the **Slaughter Barn**.

Finally, we made our way over to **HillBilly Hell**! What a way to end our night! If this is what Hell is supposed to be like, then count us out!! This was terrifying as we frantically tried to get out in one piece. Chainsaws chased us, hillbillies met us at every corner and true terror kept us from finding our way out of this final place. It took all we had to get out alive!

Lehigh Valley Scream Park was an amazing experience. They brought the scares right to us, not skipping a beat...though our hearts did! If you are looking for a place to feel the fear and experience the terror in the air, then Lehigh Valley Scream Park is the right place for you!

We give Lehigh Valley Scream Park a 5 out of 5 rating for a truly terrifying time!
